

CLAIM AMENDMENTS:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1.-13. (Cancelled)

14. (New) A chain saw comprising:
a combustion engine;
a cutting tool that is selectively powered by said combustion engine;
a generator operatively connected to said combustion engine; and
a plug socket that is accessible through a housing of said chain saw for supplying power from said generator to an external electrical accessory.

15. (New) The chain saw according to claim 14, wherein:

said external electrical accessory is a lamp.

16. (New) The chain saw according to claim 14, wherein:

said external electrical accessory is connected to said plug socket via an electrical power cord.

17. (New) A chain saw comprising:

a combustion engine;
a cutting tool extending outwardly from a housing of said chain saw;
a plug socket defined on said housing of said chain saw for supplying power to an external electrical accessory; and

wherein said combustion engine selectively powers both said cutting tool and said plug socket.

18. (New) The chain saw according to claim 17, further comprising:

a generator disposed within said housing, said generator operatively connected to said combustion engine and said external electrical accessory.

19. (New) The chain saw according to claim 17, wherein:

said external electrical accessory is a lamp.

20. (New) The chain saw according to claim 17, wherein:

said external electrical accessory is connected to said plug socket via an electrical power cord.

21. (New) A chain saw comprising:

a housing including a handle portion;

a combustion engine disposed within said housing;

a cutting tool extending outwardly from said housing;

a plug socket defined on said housing for supplying power to an electrical accessory, said electrical accessory being located outside of said housing and said handle portion; and

wherein said combustion engine selectively provides power to both said cutting tool and said plug socket.

22. (New) The chain saw according to claim 21, further comprising:

a generator disposed within said housing, said generator operatively connected to said combustion engine and said electrical accessory.

23. (New) The chain saw according to claim 21, wherein:

said electrical accessory is a lamp.

24. (New) The chain saw according to claim 17, wherein:

said electrical accessory is connected to said plug socket via an electrical power cord.
